Purpose: Hillsborough County's Neighborhood Bill of Rights grants registered neighborhood organizations "party of interest" status. This ensures that Save SCC receives advance legal notices regarding land use, development and rezoning proposals affecting our community. Your signature establishes your household's membership and authorizes Save SCC to represent you in our shared neighborhood interests to protect and to preserve Sun City Center and Kings Point golf courses for future recreational use only.

AUTHORIZATION STATEMENT

I certify and agree to the following:

Accuracy: The information I have provided is true and accurate.

Membership: I am a resident, occupant, or owner of the household listed below, which is located within the defined geographic boundaries of the Sun City Center Community Association or Federation of Kings Point Associations, and I desire to be a registered member of Save SCC.

Authorization to Represent: I hereby authorize **Save Sun City Center, Inc.**, its elected officers, and designated representatives, to act as the official neighborhood organization representing my household's interests in dealings with Hillsborough County or other government entities to pursue protection of the golf courses as open recreational spaces, not residential housing.

Zoning & Land Use Advocacy: This authorization explicitly extends to representing our neighborhood regarding local planning, zoning changes, variance requests and development petitions that impact the Sun City Center community. It also authorizes legal action as necessary to enforce rights and to protect the interests of the community in protecting golf courses (operating or closed) for recreational use.

Public Record Notice: I understand that this authorization may be submitted to the Hillsborough County Office of Neighborhood Relations as required to maintain registry status and is subject to Florida's public records laws. It will also be used to substantiate Save SCC to act in any court of law with respect to golf course protection.
